

# My First 30 Days In The CoachingToProfits.com System Check List & Progress Tracker:

**Directions:** Please print this Check List out and tape it to your monitor. Not only will this keep you focused and on track so you actually achieve your goals (and live your dreams), but it will also be a way for you to track your progress at a glance and feel a real sense of accomplishment with every small step you complete in your journey along the way.

Every time you cross something off your list you'll feel productive knowing that you are now one step closer to who, what, and where you want to be. Plus, with every item you check off the list you'll find that you will gain momentum, excitement and enthusiasm for your business building activities and you'll never be stuck, confused about what your next step needs to be.

On to the fun stuff...

**Coaching To Profits (CTP) Member's Name:** \_\_\_\_\_  
(Please print your first & last name above)

**This CTP 30-Day Progress Tracker & Check-list was started on:** \_\_\_\_\_  
(Please write today's date above)

\_\_\_\_\_ --- I have **printed this check list out and taped it to my monitor** (hey, you gotta celebrate the small victories, you know).

\_\_\_\_\_ --- I have **read the information located on the home page of CoachingToProfits.com where it says "New to CoachingToProfits?"** I fully understand how and what CoachingToProfits is and how it integrates with the other income streams.

\_\_\_\_\_ --- I have been introduced to Matt and Joshua by **listening to the Welcome audio session** and have a good understanding of the history behind this system and am excited by what my future holds.

\_\_\_\_\_ --- I have **listened to and taken notes on the CoachingToProfits.com Overview audio coaching session** with Matt and Joshua in the Fast Start section of the site.

- \_\_\_\_\_ --- I have **set a “D.O.D”** for my Fast-Start and that D.O.D. Date is \_\_\_\_\_ (listen to Joshua’s explanation of his DOD method at the end of the audio coaching session on the Home page of CoachingToProfits.com).
- \_\_\_\_\_ --- I have **reviewed the main tabs** of the CoachingToProfits.com membership site and am now familiar with how things are organized and what each section is designed to do for me.
- \_\_\_\_\_ --- I have **uploaded a picture of myself** to the Member’s Pictures area (under the community tab) so other members can get to know me and I can get to know them because I know that the networking and masterminding aspects of creating a team of likeminded people to help keep me on track towards my goals and dreams is vital towards achieving them.
- \_\_\_\_\_ --- I am **reviewing the virtual Dream Board that is located in the CoachingToProfits section** to get my juices flowing, excitement raised up a notch and to remind myself of all the amazing things that are coming my way as the reward for building my own business.
- \_\_\_\_\_ --- I have **posted at least one picture to the virtual Dream Board** that really gets my heart going when I just glance at it.
- \_\_\_\_\_ --- I have **logged on to the Community board** under the community tab and am starting to get to know my fellow members and they are starting to get to know me so we can empower each other to success.
- \_\_\_\_\_ --- I have **reviewed the “CTP Hall of Fame” area and have set my own personal goal** for when I want my hall of fame success story to be featured there for everyone else to see (and so I can show it to and thumb my nose at all the negative, toxic dream killers in my life that said I was crazy for starting my own business)
- \_\_\_\_\_ --- I have **watched Matt’s videos** in the Coaching To Profits area and know have a very good idea of how the ReferralWare Technical System works to make my business grow. I now know both how powerful the system is and where the 10 special CTP marketing sales emails that I get access to use as a CTP member is stored and customized to me personally within the ReferralWare system.
- \_\_\_\_\_ --- I have **registered in the affiliate system for “Survey Scout”** as Matt showed me in the coaching video so I get my commissions on those sales as the CTP marketing system starts to produce those sales for me.

- \_\_\_\_\_ --- I have **registered in the affiliate system for “167Aday/Juvio”** so I don’t miss even a penny of my commissions and bonus checks that the CTP marketing system is designed to automatically start selling on my behalf (Matt’s coaching videos in the “Coaching To Profits Section of the membership site showed me how).
- \_\_\_\_\_ --- I have **registered in the affiliate system for “EMM/FreestoreClub”** and am ready right now to start receiving my commissions from this profit center as my CTP marketing system starts to produce those sales for me in its special process (Matt’s coaching videos in the “Coaching To Profits Section of the membership site showed me how).
- \_\_\_\_\_ --- By watching Matt’s coaching videos in the Coaching to profits area, I now **understand how to get “guaranteed signups” (leads) from within the ReferralWare system** and see exactly how that feeds directly into the special CTP marketing system that I have access to as a member and how it automatically starts to put the 5 CTP business building keys into action for me and will start my earnings from the first 5 profit centers predefined in the CTP process and system for me.
- \_\_\_\_\_ --- I have listened to and taken notes on **Joshua’s 5 Audio Coaching sessions on the five secret keys to adding zeros to your thinking and bottom line profits, the CTP way.** (These coaching sessions are found in the “coaching to profits” section of the membership site and reveal the 5 secrets you can use build almost any size online income you want).
- \_\_\_\_\_ --- Now that I have a solid understanding of the 5 business building keys and the way my CTP membership works, I understand that my main job right now is to **feed the CTP system by driving traffic to my ReferralWare websites** either through my own personal media methods or by shortcutting the process and getting the guaranteed sign ups (leads) from ReferralWare as Matt explained in his coaching videos. So I have decided on my traffic/media strategies and am feeding my business accordingly right now.
- \_\_\_\_\_ --- I have **listened to and taken notes** on the E-mail Audio Coaching Session where Joshua details **the brilliance of how and why CTP’s proprietary marketing system work so well at delivering me my first 5 profit streams on autopilot** (I found these coaching sessions in the “coaching to profits” section of the membership site). Now, I not only know the secrets behind the CTP system, but because of the way Joshua coached me through everything, I’ve discovered all the underlying principles that makes system work so well (so now, not only do I see how CTP has given me the metaphoric tractor trailer truck full of fish by customizing and giving me permission to use proprietary methods within the ReferralWare system, but Joshua has also taught me how to fish for myself so I can now continue to feed myself for a lifetime so my freedom is completely under my own control).

- \_\_\_\_\_ --- I understand that **I need to personally send an email to every one of my new prospects** from my home computer to increase the odds of gaining trust and generating a sale with all my contacts. I am either sending the email that Joshua wrote located at the bottom of the E-mail Autoresponder Series Overview page in the Contact My Prospects page, or I've written my own email using the fundamentals I've learned through CTP.
- \_\_\_\_\_ --- I have **reviewed Joshua's Trademarked "Income For Life™" business development process** located in the "Joshua's Secrets" section of the membership site and now I understand the exact step by step process of how there are 3 different types of income streams and how I must use the first one to get to the second one and the second one to get to the final one.
- \_\_\_\_\_ --- I have **completed the 4 "Income For Life™" Audio Coaching Sessions with Joshua** and now I see exactly how that's the framework and structure that CTP provided to me so now not only have I learned this trade marked process, but I have the action plan to live it quickly and easily because of my Coaching To Profits membership.
